• Unit 1: The Champion of Panjat Pinang

AUTHENTIC READING STIMULUS / RECOUNT / FABLE / POSTER:

Text 1 (Monita's Parade Experience): On August 17th morning, I joined the SMP Merdeka Cultural Parade. All seventh and eighth graders (1) ... traditional costumes from different provinces. I wore a traditional Baju Bodo from South Sulawesi, while Pipit wore a Minangkabau costume with a horn-shaped headdress (Tingkuluak). First, we gathered at the school yard at 07.30 a.m.
Next, the marching band led the parade along Jalan
Merdeka. Many local residents stood along the sidewalk, waved small red-and-white flags, and took photos of us. At 10.30 a.m., we returned to the school hall where the principal announced the "Best Traditional Costume" winner. To my surprise, Pipit won first place!
Text 2 (Monita's Card for Pipit): "Dear Pipit, Congratulations on winning 1st Place in the Best Traditional Costume Contest at SMP Merdeka's Independence Day Parade! You looked stunning and graceful in your Minangkabau costume. Keep shining and preserving our Indonesian culture! Best wishes, Monita."

• Unit 3: Act Now

AUTHENTIC READING STIMULUS / RECOUNT / FABLE / POSTER:

Read the Class VIII-B Opinion Forum on "Green School Campaign" below for questions number 16 to 25 (Unit 3: Act Now)!
Teacher (Mrs. Ratna) : Good morning, Class! Next month is Earth Month. What do you think we should do to make SMP Merdeka greener and cleaner?
Galang : In my opinion, we should start a "One Student, One Tree" program. Our back schoolyard is quite bare and hot. If each class plants five shade trees and waters them every afternoon, the school air will become much cooler and fresher!
Monita : I completely agree with Galang! Adding more trees will also absorb carbon dioxide. Furthermore, I think we should put "Turn Off the Light & Fan" reminder stickers right above every classroom light switch.
Riko : Hmm, I see your point, but I don't think planting large trees in the middle of the futsal court is a good idea because we need open space for sports. We should plant them along the perimeter fence instead!
Galang : That's a great suggestion, Riko! Planting along the perimeter fence will shade the court without blocking the game.

Soal #66 [PG SEDERHANA]

What is the main topic being discussed in Mrs. Ratna's class forum?

A. Planning a holiday trip to Bali
B. Proposing concrete student actions to make SMP Merdeka greener and cleaner for Earth Month

• Unit 1: Did it Rain Last Night

AUTHENTIC READING STIMULUS / RECOUNT / FABLE / POSTER:

Last Sunday morning, a group of junior high school volunteers in Banyuwangi conducted a coastal cleanup at Muncar Beach after a heavy storm the night before. While they were collecting plastic bottles and styrofoam along the shoreline, Galang spotted a young green sea turtle (Chelonia mydas) struggling near the rocks. Its front flipper was tightly entangled in a discarded nylon fishing net and plastic six-pack rings. Because of the tight plastic entanglement, the turtle could not swim back to the ocean. Immediately, the team leader called a local marine conservation officer. Using safety scissors, they carefully cut away the plastic net, cleaned the turtle's flipper, and released it safely into the sea. That afternoon, the volunteers collected 45 sacks of plastic waste so that no other marine animals would be harmed.

Soal #76 [PG SEDERHANA]

[Tata Bahasa Kontekstual: Cause & Effect (because vs because of)] Why does the writer use "Because of" instead of "Because" in the sentence "Because of the tight plastic entanglement, the turtle could not swim back to the ocean"?

A. Because "the tight plastic entanglement" is a Noun Phrase without a finite verb, not a full S + V clause.
B. Because the sentence is in the Simple Future Tense.
C. Because "Because of" can only be used at the end of a question.
D. Because the sea turtle is an uncountable noun.

AUTHENTIC READING STIMULUS / RECOUNT / FABLE / POSTER:

below for questions number 16 to 25 (Unit 3: You Can Help)!
Inspired by young Indonesian environmental activists like Melati and Isabel Wijsen (Bye Bye Plastic Bags), the Student Council of SMP Merdeka launched the "Zero Single-Use Plastic Movement" last semester. First, they surveyed how much plastic waste was generated at school: over 1.200 plastic cups and 800 plastic bags were thrown away every single week!
To solve this problem, the students took three concrete actions. First, they collaborated with canteen vendors to replace plastic cups and straws with reusable stainless-steel tumblers and washable bowls. Second, every Sunday morning, students went to the traditional market carrying woven bamboo baskets (keranjang bambu) and cloth tote bags so they could politely refuse single-use plastic bags from vegetable sellers (as shown on the right of Gambar 4.2). Third, they installed four water refill stations at school. Within three months, SMP Merdeka successfully reduced its plastic waste by 85%!
